Lady Audley's Secret

by Mary Elizabeth Braddon (1837-1915)

Mary Elizabeth Braddon's first novel, *Lady Audley's Secret*, was one of the most popular English novels of its day. Published serially in 1862, it tells the story of the lovely Lucy Graham, who becomes Lady Audley at the beginning of the novel, and who conceals a scandalous secret from her new husband and his family. The plot, which includes madness, bigamy, attempted murder, and seduction, made this a shocking but highly successful story for Victorian audiences. It remains one of the best examples of 19th century sensational fiction. (*Summary written by gloriana*).
